Accordingly,

Page 18, Table 2. "Municipality Eligibility" is now edited to reflect that municipalities located in the four states that declined CPRG planning grants that are covered by an MSA PCAP are eligible applicants.

Page 19. The paragraph is edited to reflect that municipalities in Florida, Iowa, Kentucky, and South Dakota covered by an applicable MSA PCAP are eligible applicants. The list of MSAs is amended to add Omaha-Council Bluffs, NE-IA Metro Area and Cincinnati, OH-KY-IN Metro Area.

Page 49. The sentence reading "For-profit organizations are not eligible for subawards under this grant program but may receive procurement contracts" is struck. As explained on page 60, EPA's Award Official must approve subawards to for-profit entities and individuals on the basis of either a precise description of the subaward in the EPA approved budget and project narrative, or on a transaction-by-transaction basis.
